

# THE ILLUSTRATED BARTSCH

*Le Peintre-Graveur Illustré*

## GENERAL PLAN

### *Availability*

The disastrous warehouse fire of March 2005 destroyed virtually the entire stock of the encyclopaedia – over 35,000 books. The entire set has now been reset and reprinted with all currently available. *Vita brevis; Ars longa.*

### *Nota Bene*

The number to the left of each entry is the lineal sequence number of each Picture Atlas volume of *The Illustrated Bartsch*. The available Commentary volume(s) – updating the scholarship since von Bartsch's time – for a specific artist or artists are shown below the pertinent Picture Atlas entry. The number in brackets to the right of an entry is the corresponding volume of **Adam von Bartsch's** original work: *Le Peintre-Graveur*. Volumes numbered over 48 are denominated Supplement since they present artists not included in Bartsch's original list. Please note that volumes are sometimes divided into several parts in order to accommodate the artist's *catalogue raisonné*. Each of the titles published to date [January 2010] shows an ISBN, is in print, is indicated by a dagger [†]. Please refer to our current price list for individual volume and set pricing and discount policy.
